VOLUME XI

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, MAY 27, 1908.

NUMBER 29

## MR. OHLENMACHER'S PUPILS RECITE.

The Presbyterian church was well-filled last Wednesday evening to hear the recitals given by the young ladies who were taught by Mr. Ohlenmacher. It was a delightful entertainment, showing that the performers had wonderfully improved since they last appeared before a Columbia audience. Lovers of music and those who understand the principal of imparting knowledge, pronounce Mr. Ohlenmacher a very superior teacher, one who has made a very enviable reputation here. The chorus class also rendered two or three songs in a most delightful manner, highly pleasing to the audience.

Thursday evening Mr. Ohlenmacher and Miss Martha Hancock made their appearance, the former pianist, the latter vocalist. Mr. Ohlenmacher needs no words of praise, as his skill is known to everybody in this section, and he never fails to entertain. Miss Hancock has a well trained voice, sings beautifully, and whenever it is known that she is to appear an appreciative audience is sure to greet her. Her singing on Thursday evening has been universally complimented.

## A LITTLE VEXING.

Mr. Elias Kidd, a prominent merchant of Liberty, was here at the Lindsey-Wilson commencement, and Wednesday morning he loaded the trunks of his grand daughter and grandson, Miss Nell Wright and Mr. Floyd Wright in a spring wagon and started home, the young lady and young gentleman having dived out in another vehicle. When he got a mile from town he discovered one wheel about ready to give way. He returned to Columbia and had it repaired and again started. He went along smoothly until he reached Purdy, and at this point another wheel gave way. He was compelled to return to this place for more work, requiring the remainder of the day. He again left Thursday, saying he hoped to reach Liberty some time during the month.

## BASE BALL.

Last Wednesday, at Danville, the Central University team defeated the Georgetown College nine in the most exciting game that has been played this season. Eleven innings were played, the score standing 2 to 1 in favor of Central University team. Ewing Stults, the twirler for the winning team, struck out twelve men and allowed but three hits.

In the second game played at this place, last Monday afternoon, the Lindsey-Wilson club defeated the Liberty nine by a score, 14 to 4. In justice to the Liberty boys we will state that they did not come to Columbia especially to play ball. They were here to attend the commencement exercises in the Lindsey-Wilson, bringing their bats and uniform in order to take a little exercise while here. The club is composed of an elegant set of young men and their gentlemanly conduct here made them many friends.

## RESULT OF EXAMINATION.

Forty seven applicants in the examination. Fifteen received first class certificates as follows:

Messrs G. W. Turner, G. D. Firquin, R. B. White, R. O. Dillingham, C. E. Guthrie, W. G. Aaron; Misses Laura Smythe, Ora Moss, Hallie Rodgers, Clara Garnett, Bertha Breeding, Carrie Bradshaw, Bettie Cundiff, Essie Triplett, Virginia Hunn.

Eleven received Second class certificates, thirteen third class. The examination was considered quite reasonable, perhaps easy with the exception of History.

There will be a meeting of the Cemetery Improvement Company to day (Wednesday) afternoon at 4 o'clock at the office of Mrs. Georgia Shelton, in the court-house. All the members are requested to be present, as matters of importance will come up. By order of the President.

Mr. Samuel L. Coffey, a well-known school teacher of this county, who resides at Pellyton, has just returned from the Kentucky University, Lexington, where he graduated and received his diploma from the Commercial Department. Mr. Coffey is a very excellent gentleman and has been very studious from boyhood. He believes in making a success out of whatever he undertakes, but does not believe that the best results can be obtained without a first-class education, hence he is now better prepared than ever before to pursue his labors.

Miss Tillie Trabue met with a frightful accident Tuesday of last week. She was in her buggy and on the pike leading to the Fair Grounds. When near the home of Mr. Rue Montgomery her horse became frightened and started at a very rapid gait. Upon reaching the street leading to the Lindsey-Wilson College, he made a short, quick turn, upsetting the vehicle, Miss Tillie falling upon her right shoulder. She was considerably bruised and one finger was almost broken. When the horse was caught he was wearing only the bridle, having run out of the harness.

Circuit court will convene in Jamestown the third Monday in next month. There are several important cases to come before the court, and the term promises to be of unusual interest. Henry McGowan, who killed young Dunbar, two months ago will be indicted and his case will likely be tried. The families of both sides are prominent in Russell county, and a great deal of interest will be manifested.

Miss Mollie Caldwell, a popular young lady of Portland, this county, has recently entertained Mr. A. S. Chewing and Miss Clyde Herriford; Dr. R. Y. Hindman and Miss Laura Herriford; Mr. Bruce Montgomery and Miss Kate Walker, this city, last Saturday and Sunday forenoon. The occasion was very much enjoyed by the Columbians, and they speak in the most complimentary terms of their visit and the delightful refreshments served during their stay.

The Suit of W. E. Bradshaw against Mrs. Bettie W. Butler, for eleven hundred and eleven dollars, for services rendered the late Judge J. W. Butler, was tried last week. There were quite a number of witnesses, requiring two days to try the case. The arguments were closed last Saturday forenoon and about the noon hour a jury verdict was returned, giving Mr. Bradshaw four hundred and twenty-five dollars.

Mr. S. F. Eubank has received official notice that he has been granted a patent on a pipe and post puller. This is a machine that will be of great use where pipe is to be drawn from the earth and will doubtless prove profitable to the inventor and his partner, Mr. G. B. Smith.

There will be an all day singing at Elkhorn, Taylor county next Sunday. Singing will begin at 9 o'clock a. m., preaching at 11 o'clock and the singing to continue in the afternoon. Leaders of music are especially invited.

Come especially with your children. They will want to see the animals. Of course the old man cares nothing about a show, but the children must be accommodated, and they can not come alone.

STRAYED:—From my farm, three steers, one small red, one nearly black and one red roan. Any one finding them let me know. I will reward them for their trouble. W. W. Brockman, 29-1t Joppa, Ky.

## VALUABLE PEACOCK SOLD.

Last week Mr. R. F. Paul sold his yearling stallion colt, Rex Paul, to Mr. Milt Monday, Jr., of Casey Creek, for the small sum of \$350. This one of the best yearlings ever seen in this part of the country and doubtless as good as any in the state. He was sired by Jordan Peacock, the sire of more beautiful high class horses than any horse in the State. His dam is Elsie Owsley, by Red Squirrel, first dam by Artist, making one of the finest combinations of fancy blood in this or any other section.

The Colt, Rex Paul, is an individual without a flaw or defect in his make up, fine size, extra action, all the style that any colt could possess, a beautiful bay, marked to perfection—in fact an ideal individual that will some day prove of inestimable worth to the section in which he goes and to this part of the country generally. Not exaggerating, Rex Paul, is worthy of the highest appreciation in any country and unless some accident happens will prove an investment to his owner of far more value than he now hopes to realize in the development of this valuable young horse. The Dam has just dropped a beautiful bay filly colt which Mr. Paul would not take \$300, being by the same sire Jordan Peacock. In justice to Mr. Monday's purchase we must say that the colt he purchased won every blue he went after last year at the Columbia Fair, leaving the grounds a graduate and over the best congregation of colts ever shown on the grounds. These little incidents may or may not be taken as of much importance, but it takes a fine colt to make a fine horse, a winning colt for a winning horse. We congratulate the buyer and appreciate the fact that Rex Paul is still to find his home in the county of Adair.

## TO CITIZENS INTERESTED IN GOOD ROADS.

Pursuant to an order of the Fiscal Court, the Road Tax must be expended in the Magisterial District from which it is collected. During the year 1908 there will be about \$2600 to be used in the Columbia Magisterial District out side of the corporation of Columbia. By order of the court it is left to the Supervisor and Magistrate to determine on the roads and in what manner it shall be used. We believe in piking the roads and making them permanent as far as the money will hold out, and we think that the citizens directly interested in the roads to be piked ought to aid us in so doing. We will expend the taxes collected in this district in the year 1908 on one or more of the principle roads of this district which will subscribe and secure the greatest amount of money and labor to assist us. The said subscription to amount to not less than 25 per cent of the amount to be expended by the county. No subscription will be accepted as a bid for less than a continuous half mile of pike. The county to do the grading of the roads and the metal to be put on according to specifications by contract with the lowest and best bidder. As different roads having more or less travel, require different specifications, the specifications for each road will be agreed on by the Supervisor and Magistrate together with the person or persons raising the subscription for said road. The citizens on each road that desires to take advantage of this proposition are requested to raise their subscription and present it to be Supervisor on or before the 1st day of June, 1908.
